Letter from the President

- Kate Easton -

**Dear members of the IASC,
I would first like to say that I am so incredibly thankful to be here. This was my dream to be elected. The board and I are so ready for this year and cannot wait for everything to truly begin.**

Communication is incredibly important to me and I want more than anything to connect the districts with the state in a seamless and effective way. I want all districts to be aware of the state's progress and what we have planned for this year. Social media will definitely be a great resource for keeping up with the IASC and direct communication with me or the board is available anytime. I love talking with you all and encourage you to reach out with me, in any form suited for you.

I want this to be a new, exciting, and energetic year for the IASC. I have plenty of ideas and plan on really interacting with you all. I would love to come to your districts and get to know you and - your councils well. The IASC is here for you and the board is more than prepared to have the best year ever!

Thank you,

President Kate Easton
